## Education

**Bachelor's Degree in Computer Science, Faculty  
of Technology and Education, Helwan University**  
2017 – 2021

## Professional Experience

### Front-End Developer (Next.js) - Imdova Marketing and Business Consulting

2025 – Present

- Refactoring legacy React applications by migrating key modules to Next.js, improving maintainability and scalability.
- Redesigned outdated UI into modern, responsive layouts using Tailwind CSS, improving usability and visual consistency.
- Improved application performance by around 20–30% through component cleanup, memoization, and reducing re-renders.
- Collaborating with the team to upgrade existing features while keeping production stable.

### Front-End Developer - Procoor

2023 – 2025 | Heliopolis, Cairo

- Built a **UI Component Kit** that reduced development time by **30%** and improved **design consistency**.
- Developed front-end workflows for **enterprise systems** (CRM, ERP, HR, FM, PM), ensuring **UI consistency** and **scalable components**.
- Improved **performance** by optimizing **components, assets, and bundle size**.
- Created **reusable hooks** and **utilities** to eliminate repeated logic and speed up development.
- Refactored **legacy components** and adopted **modern React patterns** to maintain **clean, maintainable codebases**.

### Intern – IT Sharks

01/2022 – 06/2022 | Maadi, Cairo

- Assisted in **front-end projects** using modern workflows.
- Gained **practical React & UI/UX experience**.
